

Box League indoor tennis play is about to begin at Centercourt!

A Box League is a way to compete against players with similar skill level. The league runs 7 weeks. **All you do is sign up individually** -- Centercourt then assigns you to a "box" with 5 or 6 other similar players. You must play everyone in your box once during the session. Players will enter scores themselves through CAC's new computerized Box League system. At the conclusion of 7 wks, the top two winners advance to a higher box and the bottom two move down to a lower box. Then we're ready to start our next 7-wk session!
